The industry has established the International Aerospace Quality Group (IAOG), with representatives of aviation, space and defence companies in the Americas, Asia/Pacific, and Europe, to implement initiatives that bring significant improvements to a^cc Quality terms and cost reductions throughout the Value Stream. 5 Introductionto order the document: Tel: 877-606-7323 (Inside USA and Canada) Tel: +1724-776-4970 (External USA) Fax: 724-776-0790 Email: [Email is secured] SAE Web Address: SAE Rate your entry. 16 7.1.2 People

have the challenge of buying products and services from external suppliers around the world and to all Levels of the supply chain. SAE reviews every technical report at least every five years at that time can be revised, reaffirmed, stabilized or canceled. Preface to ensure customer satisfaction, aviation, space and defense organizations must provide, continuously improve safe and reliable products and services that satisfy or exceed applicable legal and legal requirements. 13 5.1.1 GeneralWhile developing mainly for aviation, space and defense industry, this standard can also be used in other industrial sectors when a quality management system is required with additional requirements on a ISO 9001 system. The complete ISO 9001 standard can be obtained from any ISO member or by the ISO central secretariat: 1, CH. 10 3.
